Classroom News

Language Arts- We have started reading The Prince and The Pauper. We also have given our opinions with the discussion questions. We will continue reading the book throughout the fourth nine weeks.

Geometry - We have finished the Circle unit. Our next unit will be focused on probability and statistics. We are currently planning a circle lesson for elementary students.

Math- Our class has finished the Magnet Momento project. We completed a group problem solving task today involving system of equations. We are finishing the year with volume.

Science- In science we have been doing the DNA models which we will present to another science class. Our focus will be on educating the class on DNA and specifically genetic mutations. We have also been participating in a Brawa drive so we can donate things animals need to help for a good cause.

Social Studies - Recently in social studies, we have completed Civil War journals one, two, three, four and five. We will continue the Civil War over the next few weeks.

212 - Additionally, our aquaponic team is constantly monitoring the fish tank and water parameters. Garden beds and the greenhouse are maintained throughout the week. The recycling team is collecting recycling materials from all bins in each classroom. They also bag and recycle all items. The newsletter team is creating the newsletter monthly. Also, we've been working on projects such as string art and vacation planning the past few weeks.
