

February 2018 Geometry Assignment Calendar

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
28	29	30	31	1	2	3
4	5	6	7	8	9	10
	Lesson: SOHCAHTOA & Edgenuity lesson, "Triangle Classification Theorems"	Lesson, "Special Right Triangles" due & project time	Lesson, "Trigonometric Ratios" due & project time	Trigonometry Activity	Trigonometry Activity & Project Time Net is due	Project Component: Net is drawn on the board
11	12	13	14	15	16	17
	Lesson, "Solving for Side Lengths of Right Triangles" due & project time	Lesson, "Solving for Angle Measures of Right Triangles" due & project time	Lesson, "Law of Sines" due	Trigonometry Activity Could Pilot "Sully" have avoided landing the plane in The Hudson?	Trigonometry Activity & project time Artwork is due	Box Design Due AKA: artwork due
18	19	20	21	22	23	24
	Presidents' Day "Law of Cosines" due & project time	"Area and Perimeter of Triangles" due & project time	Trigonometry Unit Test due No project time today	Quadrilateral Lesson	"Classifying Quadrilaterals" due period & project time if needed	Cut, Tape and Reflections due
25	26	27	28	1	2	3

	Edgenuity Time and project time	“Parallelograms” due and project time	Projects due! Quadrilateral lesson			Final reflections and boxes are due
